Features

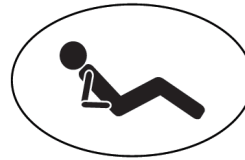

Made in Europe

Emotion Spas new range is made in Europe, following the highest quality standards

Mood Chromotherapy

Colors can have a powerful influence on our well being and even on our personality. Mood chromotherapy was developed as an alternative therapy through the colors that can make your day to day healthier, more pleasant and balanced.

Elite Lounge Bed

Never neglecting the comfort, each Emotion Spas has reclining seats ergonomically designed to provide you the most comfort.

Waterfall Neck Massage

Neck massage has very beneficial results for the health of our body. The effectiveness of this type of massage shows that stress levels decrease, along with the strain relief and rigidity of muscles.

Features

Foot Massage

Always aware to the latest alternative therapies, Emotion Spas present you with this incredible complement. Reflexology uses feet manipulation for therapeutic purposes. Besides a great relaxation, foot massage is a great opportunity to let the feet muscles' strong and flexible, preventing diseases.

Hydroplus

Portcrl uses a hydraulic piping structure specifically organized to ensure a high performance and good balance of hydromassage in all the different spa seats and zones.

Suppliers of Reference

We choose the best suppliers.

Triple Thermal Insulation

The Emotion Spas have thermal insulation on the shell, on the panels and on the plastic base. This insulation is not only important to ensure a more effective consumption but also to make the equipment of the spa run more silently.

Extras

Step

Stylish appearance and strong, non slip performance make it the best choice

iSpa

Use your Mobile Phone as an Wireless Spa Remote and control it instantly at any time, from anywhere.

Coverlift

This is simply the highest quality and most sold cover lift on the market. Its time-tested performance, attractive appearance and obvious quality are apparent to everyone desiring - a no hassle cover lift.
